EDUCATION

Indian Institute of Information Technology (IIIT), Ranchi

Ranchi, India

Bachelor of Technology in Electronics and Communication Engineering

2025 – 2029

- Current CGPA: 8.59 / 10.0
- Relevant Coursework: Data Structures and Algorithms, Object-Oriented Programming

TECHNICAL SKILLS

Languages: C++, C, JavaScript, Python, HTML5, CSS3

Libraries & Tools: React, Tailwind CSS, Vite, Git, GitHub, VS Code

Core Competencies: Data Structures & Algorithms (DSA), Problem Solving, Competitive Programming

PROJECTS

Zenith – E-Commerce Apparel Platform | *React, Tailwind CSS, Vite, Vercel*

[GitHub](#) | [Live Demo](#)

- Developed a dynamic SPA storefront with real-time category filtering, responsive product modals, and persistent client-side cart state management.
- Utilized **React** hooks and functional components to maintain clean unidirectional data flow, styling custom design systems with utility-first **Tailwind CSS**.
- Configured **Vite** build pipelines for rapid Hot Module Replacement (HMR) and set up automated Git-based deployment workflows on **Vercel**.

Culinary & Catering Showcase Platform | *HTML5, CSS3, JavaScript (ES6+), GitHub Pages*

[GitHub](#) | [Live Demo](#)

- Engineered a multi-section hospitality site featuring tabbed menu navigations, image carousels, and an interactive catering booking inquiry form.
- Authored vanilla **JavaScript (ES6+)** to handle dynamic DOM updates, event-driven scroll behaviors, and client-side regex input validation with zero dependencies.
- Implemented mobile-first responsive layouts leveraging modern **CSS Grid** and **Flexbox**, deploying the static build via **GitHub Pages**.

ACHIEVEMENTS & CODING PROFILES

Codeforces: Reached **Pupil** rank with a peak rating of **1211** (Handle: [priyam_jswl](#)).

CodeChef: Reached **2 Star** rank with a peak rating of **1466** (Handle: [priyam_jswl](#)).

Problem Solving: Solved **200+** problems on **LeetCode** and over **500+** algorithmic problems across diverse competitive programming platforms.

CP Rumble: Secured **Runner-Up (2nd Place)** in the competitive programming event at the annual college fest.

Brand Quest: Won **1st Prize** in the website designing competition at the annual college fest.

Consistency: Maintained a continuous **100-day problem-solving streak** on Codeforces, solving 250+ algorithmic challenges.

LEADERSHIP & CO-CURRICULAR

Smart India Hackathon (SIH) 2026

IIIT Ranchi

Team Lead

Aug 2026 – Present

- Spearheaded a 6-member cross-functional engineering team, coordinating problem statement analysis, algorithmic feasibility, and architecture planning.
- Managed task prioritization, Git version-control workflows, and technical documentation to streamline submission timelines.
